SUMMARY

Senior Software Engineer with over 10 years of experience in full-stack development across web, mobile, and desktop platforms. Proficient in a wide range of technologies including Node.js, TypeScript, Golang, C#, React, Vue, Angular, Flutter, Electron, RESTful API, GraphQL, Socket.IO, WebRTC. Successfully delivered scalable enterprise applications for multiple Fortune 500 companies across various industries.

WORK EXPERIENCE

Senior Software Engineer, Prominent **Nov 2024 - Jul 2025**

- **Skills:** C#, Domain Driven Architecture, ASP.NET, VueJs, RESTful API, AWS
- Designed and implemented modular, scalable architectures (feature-folder & vertical-slice) across projects including a Duolingo-style app and a custom CMS.
- Led architecture, development, code quality, and CI/CD pipeline improvements, resulting in efficient delivery and maintainable codebases.

Senior Software Engineer, CareAsOne **Jun 2023 - Nov 2024**

- **Skills:** C#, Event-Driven Architecture, ReactJs, Flutter, NodeJs, RESTful API, Open AI, AWS
- Revamped a broken legacy codebase into a clean, scalable architecture, laying the foundation for long-term maintainability.
- Developed AI-based matching functionality and optimised site performance, reducing loading time considerably.
- Designed and implemented advanced features using event-driven architecture to enhance system scalability and responsiveness.

Senior Fullstack Engineer, AstraZeneca (Infosys Limited) **Jul 2022 - Dec 2022**

- **Skills:** C#, React, Typescript, NodeJs, Go, RESTful API, Salesforce, MuleSoft, Azure.
- Engineered cloud-based enterprise SaaS solutions for Veeva Systems using React.js and React Native, integrated with Salesforce, MuleSoft, and C#.
- Built a Microsoft Teams healthcare app leveraging Azure Bot Services and full-stack expertise, including backend services in C#.

Fullstack Engineer, The Wall Street Journal (Infosys Limited) **Feb 2022 - Jul 2022**

- **Skills:** ReactJs, NodeJs, Wordpress, Micro-Frontend, Micro-Services
- Contributed to both front-end and back-end development for The Wall Street Journal, part of News Corp's high-traffic digital ecosystem.
- Worked within a complex micro-frontend and micro-services architecture, implementing and troubleshooting features in an event-driven, approval-based publishing system.
- Gained deep experience in large-scale, enterprise-grade systems, enhancing performance, reliability, and maintainability in a mission-critical news platform.

Fullstack Web, Mobile & Desktop Engineer, Centigram **Feb 2019 - Jan 2022**

- **Skills:** NodeJs, Express, RESTful API, MongoDB, React Native, Electron, Tauri
- Led end-to-end development of web, mobile, and desktop applications, owning the full technology stack in a fully remote role.
- Built responsive web apps with React and cross-platform mobile apps using React Native for both Android and iOS.
- Developed desktop admin tools using Electron.js, later migrating to Tauri for optimized performance across Windows, macOS, and Linux.

Team Leader & Full Stack Developer, 9Stack Softwares

Oct 2017 - Jan 2019

- **Skills:** Typescript, NodeJs, GraphQL, RESTful API, React Native, Leadership & team mentoring
- Developed and maintained high-performance React Native applications for Android and iOS, delivering feature-rich, user-centric mobile solutions under tight deadlines.
- Led performance optimization initiatives and integrated advanced functionalities, significantly enhancing app speed, usability, and user satisfaction.
- Mentored junior developers and spearheaded process improvements, increasing team productivity and reducing development time through best practices and efficient workflows.

Web Application Developer, NCrypted Technologies Pvt. Ltd.

Feb 2016 - Oct 2017

- **Skills:** NodeJs, RESTful Api, MongoDB, MySQL, React, Angular, Socket.IO, WebSocket
- Developed and maintained dynamic web applications using core PHP, MySQL, and modern frameworks like Laravel and CodeIgniter, contributing to scalable and secure backend systems.
- Integrated full-stack technologies including React.js with Redux, Node.js, and MongoDB to build responsive, real-time features using WebSocket and Socket.io.
- Enhanced existing products and led the development of new features, ensuring cross-functional performance while collaborating across teams to drive innovation and quality.

Admin Team Leader, QA, UI & UX Designer, SROMPL

Jan 2015 - Oct 2015

- **Skills:** Web & App Testing, Operational oversight, Team leadership, Team supervision & training
- Managed the admin panel of the E-Life Ask platform, generating and analyzing statistical reports to track daily, monthly, and yearly performance metrics.
- Supervised marketing and junior admin staff, resolving operational issues and providing hands-on training to ensure smooth team functioning.
- Participated in quality assurance by testing web and application versions, ensuring functionality, usability, and performance met business standards.

SKILLS

- **Frontend:** ReactJs, ReduxJs, NextJs, Redux, Recoil, Jotai, Zustand, Angular, Svelte, RxJs, NgRx, Vue, Pinia, Vuex, PWA
- **Backend:** RestAPI, NodeJS, ExpressJs, NestJs, Java Spring Boot, C#, Asp.Net Golang, Rust, WebSocket, Socket.IO, WebRTC, GraphQL, Docker, NGINX, AWS, Azure.
- **Mobile App:** React Native, Flutter, Capacitor
- **Desktop App:** Tauri
- **Database:** MySQL, PostgreSQL, MongoDB, Firebase

PROFESSIONAL VALUE PROPOSITION

- **End-to-End Solutions:** Deliver complete project lifecycles—from MVPs to enterprise-scale applications.
- **Proven Adaptability:** Rapidly learn new technologies and solve complex challenges efficiently.
- **Quality-Focused:** Build reliable, secure, and user-friendly software with clean, maintainable code.
- **Agile Execution:** Embrace iterative development with regular updates and continuous improvement.
- **Client-Centric Mindset:** Develop tailored solutions aligned with each client's unique goals and requirements.

EDUCATION

Computer Engineering

2015

Gujarat Technological University

- Christ Polytechnic Institute, Rajkot
- During my studies, I achieved outstanding academic performance.
